

Why?

Career and Technical Education?

Each year thousands of people just like you decide to attend career and technical classes. What do they know?

High school and college alone are not always enough for success.

Students should be prepared for a career that offers high pay, competitive skills, opportunity for career advancement and self-fulfillment.

Students should match their interests and abilities to programs at Old Colony.

Old Colony does not discriminate in admission or employment in any of its educational programs or activities on the basis of race, color, sex, age, ethnic origin, religion, handicap or sexual orientation.

You can be successful too!

Equal Opportunity Institution

Take Tom. What Tom likes about nursing is that he gets to help others and earn a great living at the same time.

Sarah would rather wear a hard hat than a business suit any day.

Kids love Brian. What better way to make a difference in kids' lives than a career in childcare.

The list goes on and on; Female auto mechanics, male secretaries, female firefighters, male dental hygienists.

What is a non-traditional occupation?

Any occupation in which women and men comprise 25 percent or less of the occupied total employment is considered nontraditional. This definition comes from the U.S. Department of Labor. Non-tradition refers directly to individuals working in a specific occupation and also to students enrolled in a career or technical education program.
